E.A Thompson's book entitled "A History of Attila and the Huns" was first published in 1948. This is a slightly revised version of that same book, with a different title to make it fit into Wiley-Blackwell's "People of Europe" series. Given the original title, the reign of the Attila is the bulk of this book.

The history of the Huns spans the time from before their first secure recorded appearance in Europe around 370 AD to after the disintegration of their empire around 469. The Huns likely entered Europe shortly before 370 from Central Asia: they first conquered the Goths and the Alans, pushing a number of tribes to seek refuge within the Roman Empire. In the following years, the Huns conquered most of the Germanic and Scythian barbarian tribes outside of the borders of the Roman Empire. They also

Theoretically, the Asian component could be originated from Finno-Ugric nations, Scythians, Huns and Avars. They excluded the Finno-Ugric origin right away and came to the conclusion that it is the Huns who fit the concept the best. However, the contribution of the other two groups can't be excluded completely.
